A-513 - TYPE 2

Electric-resistance welded carbon steel and alloy steel mechanical tubing.

****Please contact a product specialist for detailed information on A-513 – TYPE 2****

Chemical Properties:

Carbon: n/a Silicon: n/a

Manganese: n/a Nickel: n/a

Potassium: n/a Chromium: n/a

Sulfur: n/a Molybdenum: n/a

Mechanical Properties:

Tensile Strength:

ksi: n/a

MPa: n/a

Yeild:

ksi: n/a

MPa: n/a

Elongation in 2in. or 50mm, min. %: n/a

Max. Hardness Rockwell B: n/a
